

**Rierol**  
ENTERPRISES  
LIMITED

**Company Profile**

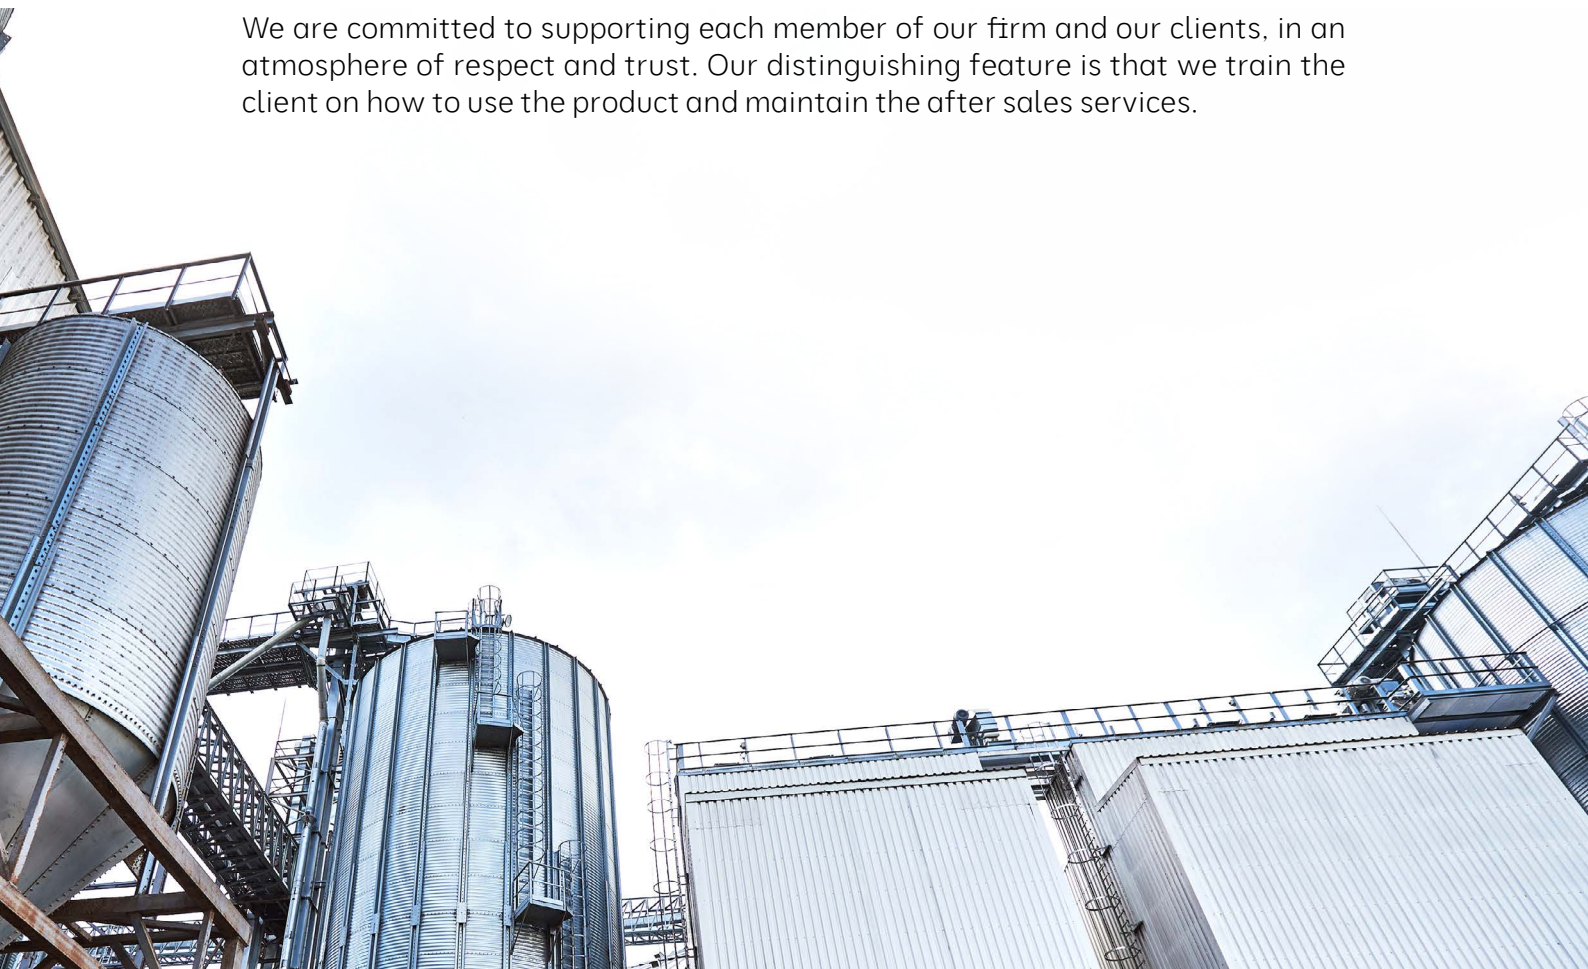

**Operating since 2011 and registered in Kenya as a limited entity in 2014, Rierol Enterprises Limited (REL) is a renowned weighing scale and ICT solutions provider.**

Rierol is a dynamic and solutions-driven company specializing in the supply, servicing, and support of weighing systems, ICT, and engineering solutions. With a commitment to quality, efficiency, and innovation, we provide top-tier products and services to meet the needs of various industries.

Our products are of High-quality selected from the well-known International Manufacturers that use cutting edge technology on bending, cutting, welding shot blasting, spray painting and controlled heating to realize a better-quality control from beginning to the end.

REL aim is to improve the Operation and Financial outlook of our clients and our community by ensuring they get their value for money. We make a strong commitment to our clients, and their success is our key priority achievement. The Market knows us for our responsiveness, friendliness, and knowledge. Our strength is our people, whose skill, knowledge, and integrity keep us in the forefront in our industry.

We are committed to supporting each member of our firm and our clients, in an atmosphere of respect and trust. Our distinguishing feature is that we train the client on how to use the product and maintain the after sales services.

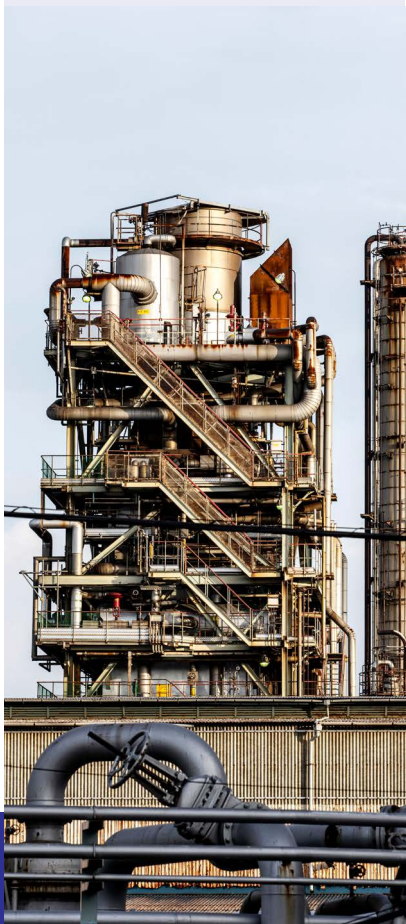

## Culture & Core Values

### **Vision Statement**

To be the world's most customer-centric company, that understands, satisfies their product and service needs.

### **Mission Statement**

We train our clients to success; continuously contribute towards enhancing their corporate value, customer development and human capital through innovation and practicability

Our biggest priority as an international general trading organization as well as a business & financial consultant is to bring forth value to our clients in terms of negotiation, product quality and pricing. We believe that value creation is an essential part to client satisfaction and business success.

### **Trustworthiness & Transparency**

Communicating honestly and creating relationships is a big part of who we are. We believe that trustworthiness and transparency are vital elements in retaining and creating successful future business relationships.

### **Integrity**

We abide by the rules and regulations of business society. We believe that communicating ethically and morally towards our customers is essential to corporate growth and strength.

### **Innovation**

Responding promptly with innovative solutions to different tasks is what sets us apart from our competitors. We believe that this helps us gain a fresh new perspective to problem solving.

## Our Core Services & Products

We have been involved in supply & support to both private and public sectors in the following markets:

**Automated Industrial Weighing Equipment**

**ICT Solutions**

**Supply & Servicing of Engineering and Technical Equipment**

**Building Construction & Civil Engineering Services**

**We have been involved in supply & support in both private and public sectors.**

**We have dealt with the following industries:**

ICT, Research and Regulatory industry

Electrical and Automotive industry

Manufacturing industry

Water Industry

Safety and Security Industry

Mining and Construction industry

Transportation Industry

**PRODUCTS & SERVICES**

## Automated Industrial Weighing Equipment

leading provider of industrial weighing solutions, specializing in the supply, installation, calibration, maintenance, and servicing of industrial and automated weighing systems. We serve a wide range of industries, including manufacturing, logistics, agriculture, mining, and transportation, helping businesses achieve precise, efficient, and compliant weight measurement solutions.

### Supply of Industrial Weighing Systems

We provide high-precision weighing equipment such as truck scales, platform scales, bench scales, conveyor belt scales, and automated weighing solutions tailored to various industrial applications. Our expert technicians ensure seamless installation and integration of weighing systems into your existing production or logistics infrastructure.

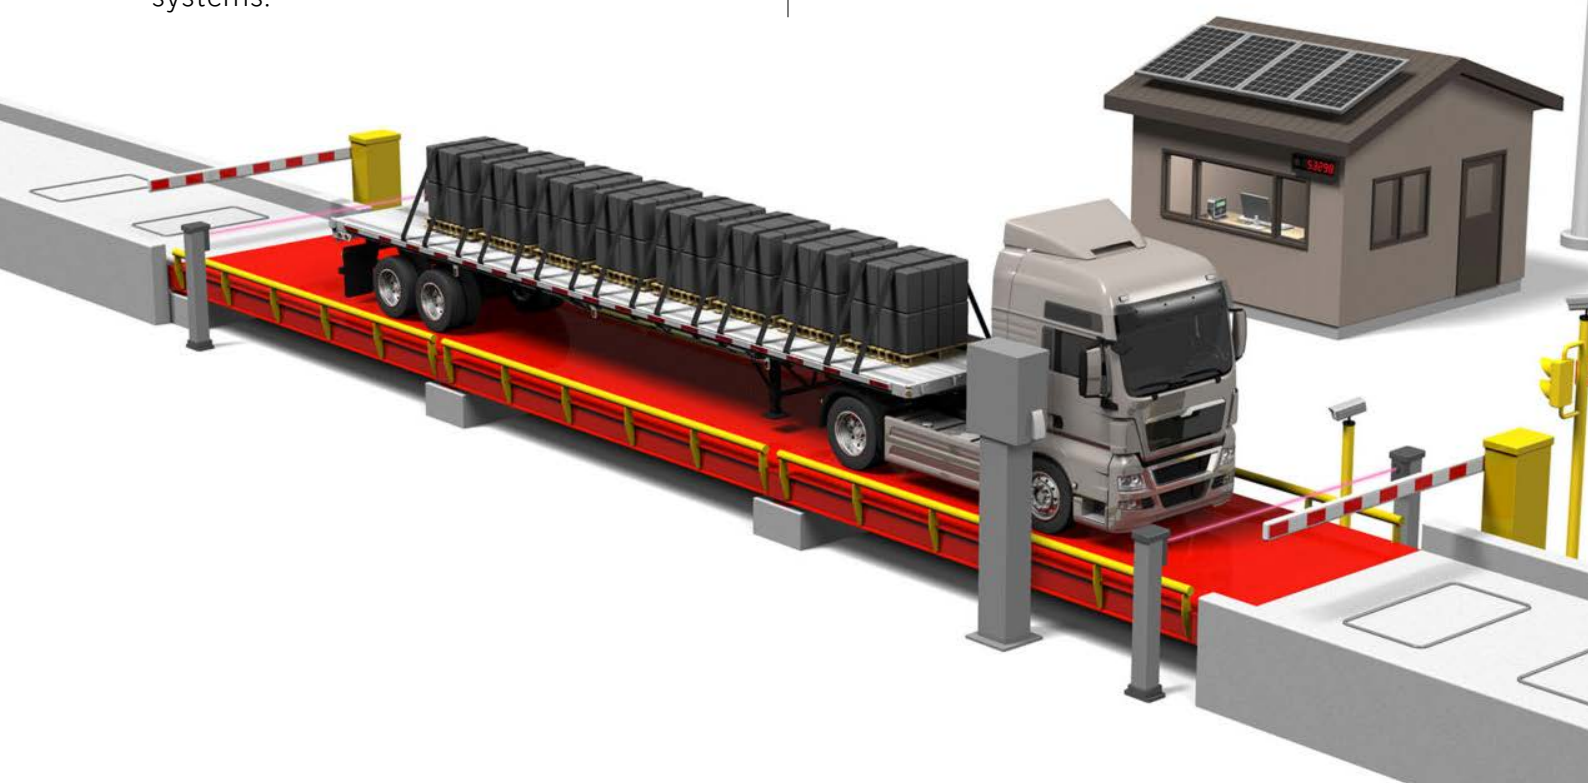

### Calibration & Maintenance of Automated Weighing Solutions

We offer comprehensive calibration and routine maintenance to ensure the accuracy, compliance, and long-term performance of automated weighing systems.

We provide preventive maintenance, troubleshooting, and emergency repairs to minimize downtime and ensure operational efficiency.

### Custom Weighing Solutions for Factories & Industrial Processes

We specialize in developing and implementing tailor-made weighing solutions to meet the specific needs of manufacturing plants, production lines, and other industrial processes. Our solutions integrate seamlessly into factory automation systems, improving workflow efficiency and accuracy.

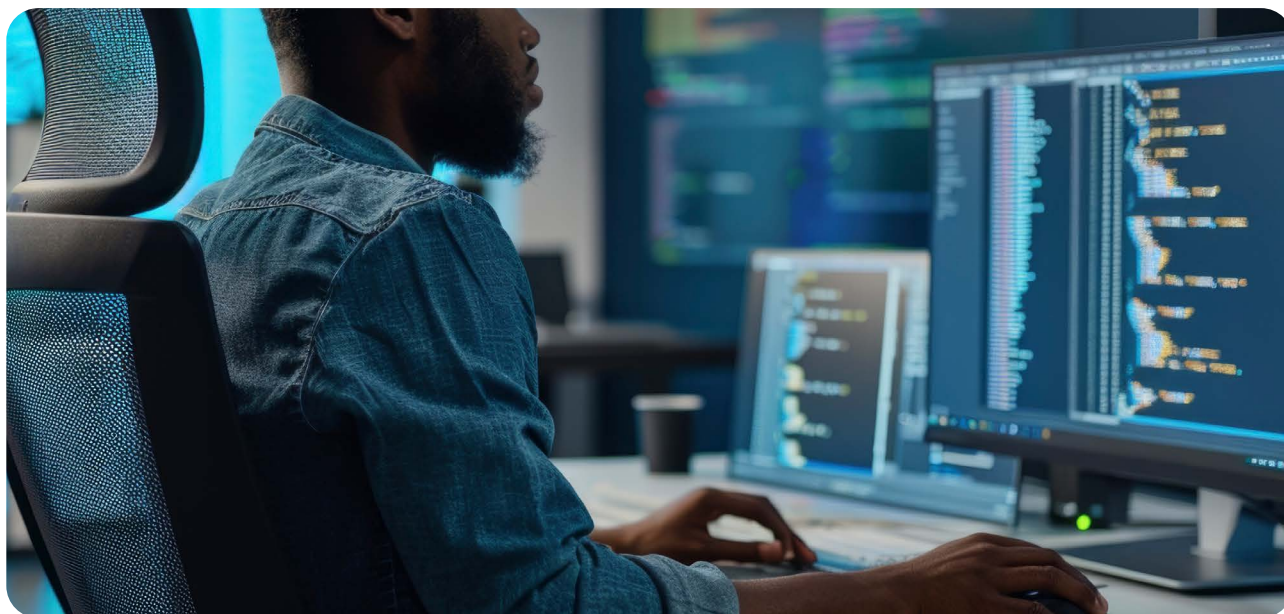

## PRODUCTS & SERVICES

### ICT Solutions

We specialize in providing cutting-edge Enterprise IT solutions, seamless system integration, networking, cybersecurity, and software solutions. We also supply and maintain ICT hardware and accessories, ensuring businesses operate with reliable and secure IT infrastructures that drive efficiency, growth, and innovation.

#### **Enterprise IT Solutions and System Integration**

We design and implement custom IT solutions tailored to your business needs, ensuring optimal performance, security, and reliability. Our services include cloud computing, data management, enterprise software solutions, and business automation. We seamlessly integrate hardware, software, and cloud-based systems to create a unified IT ecosystem that enhances efficiency, collaboration, and decision-making.

#### **Supply and Maintenance of ICT Hardware & Accessories**

We provide high-quality ICT hardware, accessories, and peripherals, ensuring businesses have the right tools to operate efficiently.

Our hardware maintenance services guarantee optimal performance, reducing downtime and improving IT infrastructure longevity.

#### **Networking, cybersecurity, and software solutions**

We design, implement, and maintain high-performance network infrastructures, ensuring seamless communication and data flow across your organization. We also protect businesses from cyber threats with advanced security solutions, risk assessments, and compliance frameworks.

We develop and integrate customized software solutions that enhance business efficiency and automation.

**PRODUCTS & SERVICES**

## Supply & Servicing of Engineering and Technical Equipment

We are a leading provider of engineering and technical equipment, offering top-quality supply and servicing solutions to various industries. Our commitment to innovation, reliability, and customer satisfaction has positioned us as a trusted partner in the engineering sector.

**Factory Spares & Industrial Components:**

Supplying essential components such as conveyor belts, bearings, fasteners, bolts, motors, pumps, rollers, castors, and more.

**ICT Hardware & Peripherals:**

Supplying computers, servers, networking equipment, and other peripherals to support industrial and business operations.

**Supply of Engineering Equipment:**

Providing a wide range of high-quality tools, machinery, and technical equipment for various industries.

**Electrical and plumbing supplies for industrial applications**

Our company provides a comprehensive range of electrical and plumbing supplies designed to meet the needs of various industrial applications. We ensure high-quality and durable components to support efficient operations, minimize downtime, and enhance workplace safety.

## PRODUCTS & SERVICES

# Building Construction & Civil Engineering Services

We are a leading provider of Building Construction & Civil Engineering Services, delivering high-quality infrastructure solutions tailored to meet modern construction demands. With a team of experienced professionals, we specialize in residential, commercial, and industrial construction, as well as roadworks, bridges, and structural engineering.

**Our expertise spans architectural design, project management, and sustainable construction practices, ensuring efficiency, durability, and compliance with industry standards. We take pride in our commitment to safety, innovation, and client satisfaction, transforming visions into reality with precision and excellence.**

### Residential Construction

We design and construct high-quality residential buildings, including single-family homes, apartments, and gated communities. Our focus is on modern architecture, sustainable materials, and energy-efficient solutions to create comfortable and long-lasting living spaces.

### Commercial Construction

From office buildings to shopping complexes and hotels, we deliver commercial projects that meet business needs while ensuring durability, functionality, and aesthetic appeal. Our expertise covers project planning, structural design, and turnkey construction solutions.

### Industrial Construction

We specialize in constructing warehouses, factories, and manufacturing plants. Our team ensures that industrial projects are built with efficiency, safety, and compliance with regulatory standards, optimizing space and workflow for industrial operations.

## **Roadworks & Infrastructure Development**

Our civil engineering expertise includes the construction and maintenance of roads, highways, and transportation networks. We implement advanced engineering techniques to ensure durability, traffic efficiency, and minimal environmental impact.

## **Bridges & Structural Engineering**

We design and construct robust bridges and structural frameworks that enhance connectivity and safety. Using innovative materials and engineering methodologies, we ensure long-term performance and resilience against environmental conditions.

## **Architectural Design & Planning**

Our architectural team creates functional and visually appealing designs tailored to each project's requirements. We integrate modern design principles, sustainable practices, and client preferences to bring creative concepts to life.

## **Project Management & Consultancy**

We provide expert project management services, ensuring that projects are delivered on time, within budget, and to the highest quality standards.

Our consultancy services help clients with feasibility studies, cost estimation, and compliance with local regulations.

## **Sustainable & Green Building Solutions**

We incorporate eco-friendly materials and energy-efficient systems into our projects, reducing carbon footprints and promoting sustainability. Our green building solutions include rainwater harvesting, solar energy integration, and smart building technologies.

## **Renovation & Remodeling**

We offer remodeling and renovation services for residential, commercial, and industrial spaces. Whether upgrading existing structures or repurposing spaces, we ensure quality craftsmanship and modern enhancements to improve functionality and aesthetics.

## **Safety & Compliance**

Safety is our top priority. We adhere to stringent safety protocols, industry regulations, and best practices to protect workers, clients, and the public. Our construction projects meet national and international building codes for structural integrity and reliability.

**With a commitment to quality, efficiency, and innovation, we provide top-tier products and services to meet the needs of various industries**

## Why Choose Us?

### **Comprehensive consultation**

We take the time to listen to our clients and understand their needs before embarking on a project.

### **Tailored Solutions**

We customize our services to meet client-specific requirements.

### **Quality Products & Services**

We source from internationally trusted brands to ensure reliability and optimal performance.

### **Unmatched turnaround time**

We exceed expectations when it comes to timely delivery of our services.

### **Expert Support & Maintenance**

Our team of professionals boasts of timely & efficient provision of technical support and after-sales service.

### **Competitive Pricing**

We offer cost-effective solutions without compromising quality.

### **10+ years of Experience**

We have gained mastery of our services over the years and only keep striving to deliver excellence to our customers.

### **Drive for innovation & growth**

We never stop learning and exploring new ways of bringing the best products & services to your business.

**Operating since 2011 and registered in Kenya as a limited entity in 2014, Rierol Enterprises Limited (REL) is a renowned weighing scale and ICT solutions provider.**

#### **Erick Okello Onyiego – C.E.O**
